

Electronic Engineering Intranet

Welcome to the School of Electronic Engineering intranet site. The information contained in these web pages is supplementary to the pages provided at [Dublin City University Website](#)¹, specifically the main [School of Electronic Engineering Website](#)². The School also maintains the web site of the [Research Institute in Networks and Communications Engineering](#)³(RINCE).

If you are interested in any of our undergraduate programmes, please visit the following:

- [Primary Electronic Engineering Website](#)⁴
- [Undergraduate Programmes](#)⁵

Alternatively, if you are interested in any of our taught postgraduate programmes, please visit the following:

- [Taught Postgraduate Programmes](#)⁶

The School maintains an active and varied set of research themes. For more information regarding our activities and opportunities therein, please visit the following:

- [Research Activities](#)⁷
- [Research Opportunities](#)⁸

Recent News

- **October 2010:** Accenture GRADchances event. Accenture are offering final year students and graduates the chance to meet with them, take part in skills workshops and find out exactly what they're looking for when hiring grads. The events take place through October and November - visit www.accenture.com/gradchances¹⁰ for further information.
- **Student Engineering Society:** If you are interested in helping establish the new Student Engineering Society in DCU, the first discussion meeting is taking place **Thursday 7th October**. Please contact David at engcomputing@dcusu.ie¹¹ for further information and to indicate your interest.
- **June 2010:** The [Artificial Life Group](#)¹² of the [Rince Research Institute](#)¹³ is the lead partner for the [EvoSym project](#)¹⁴, recently awarded funding from the European [Complexity-NET](#)¹⁵ network. The project will investigate the emergence and evolution of biological symbol systems.
- **September 2009 - Welcome back** - The School of Electronic Engineering would like to welcome all new students, and all returning students to DCU this year. We hope you enjoyed your summer, and have a great semester!
9th June 2009 - Postgraduate Accommodation Scholarships - The Graduate Research Office would like to announce the 2009/10 postgraduate accommodation scholarship scheme. This scheme is open to all incoming first year full-time postgraduate research students. Students who register from 1st April 09 onwards are eligible to apply. ([more](#)¹⁶)
